

Florida Department of Education

ANNUAL FACILITY MAINTENANCE PERMIT

PERMIT NO. 2016-001

DATE ISSUED 6.30.2015

DISTRICT
NAME FLORIDA GATEWAY
COLLEGE

EXPIRATION
DATE 6.29.2016

This maintenance permit is provided to facilitate routine maintenance, emergency repairs, building refurbishment, and minor renovations of systems or equipment.

This facility maintenance permit is valid for one year from date of issue.

A detailed log of all work performed under this permit shall be maintained by the school district or college. A copy of the detailed log shall be annually submitted to the Florida Department of Education, Office of Educational Facilities.

The Department of Education retains the right to make inspections to ensure that the requirements of the Florida Building Code and statutes are being adhered to. If a pattern of code violations is found, the Department of Education may void this permit, and may withhold the issuance of future annual maintenance permits.

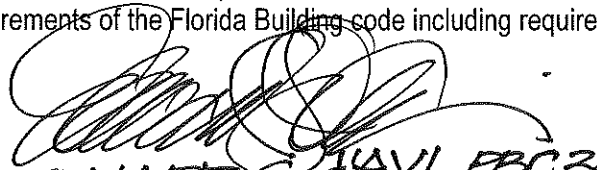

Maintenance projects may not exceed \$300,000 per project.

NOTICE: In addition to the requirements of this permit, there may be additional restrictions applicable to this property that may be found in the public records of this county, and there may be additional permits required from other governmental entities such as water management districts, state agencies, or federal agencies.

If this project includes demolition, remodeling and/or renovation, the owner or operator is responsible to comply with the provisions of s. 469.003, Florida Statutes, and to notify the Department of Environmental Protection of any intentions to remove asbestos. Removal of asbestos shall be in accordance with state and federal law.

This permit is construed to be a license to proceed with the work and not as authority to violate, cancel, alter, or set aside any of the provisions of the technical codes. This permit does not relieve the school district or college from complying with all of the requirements of the Florida Building code including required plan review and inspections for each project.
