Notes: 1. Grayed out programs have been discontinued or currently not accepting new students.

2. Programs with a total pool of less than 5 completers and leavers are not listed individually, but they are included in the overall total placement calculation.

1. FGC's goal for overall placement of completers and leavers is 90%. This goal was met in the 2014 statistics detailed above. (89.88% placement for completers is rounded to 90%)

2. The goal for placements for completers and leavers at the individual program level is 90% for programs with ten (10) or more students in the pool; and 80% for programs with five (5) to nine (9) students. Programs with less than five completers or leavers are not considered individually.
